Mr. Theodore Brillhart
Fluke Networks
Everett, WA

Subject: Fluke Networks Versiv DSX-5000 Cable Analyzer Approval

Dear Theo

Ortronics is pleased to announce our Fluke Networks Versiv DSX-5000 Cable Analyzer. This approval is based upon evaluation of this test unit versus network analyzer test results by Ortronics Test Labs over a range of channel and permanent link configurations.

This tester is approved by Ortronics for use in channel certification testing for Category 6A/Class E_A, Category 6/Class E and Category 5e/Class D system warranties.

The following configuration of DSX-5000 is required.

Channel testing for Category 6A/Class E_A, Category 6/Class E and Category 5e/Class D using DSX-CHA004 channel adapters

Permanent Link testing for Category 6A/Class E_A, Category 6/Class E and Category 5e/Class D using DSX-PLA004 permanent link adapters
Software version 2.0 or higher

We look forward to continuing this cooperation. I hope this information is of assistance to you and serves your requirements. Should you have any questions or concerns please feel free to contact me.

Regards ,

Gregg Lafontaine
