Subject: Fluke Networks DSX-5000 CableAnalyzer™ Cabling System Testing Approval

This is to confirm that Rosenberger has completed evaluation of and approved Fluke Networks DSX-5000 CableAnalyzer™ as associated channel adapters and link adapters to be used in the field testing for Rosenberger HDCS® Cat5e, Cat6, Cat6A high performance copper cabling system both permanent Link and channel performance. Rosenberger is very happy and impressed with the capabilities and measurement performance of this test instrument.

Rosenberger accepts the test results provided by DSX-5000 CableAnalyzer™ for Rosenberger's 25-year system warranty assurance application. We are looking forward to the continuous cooperation by working with Fluke Networks products to test and verify the site installation of Rosenberger copper cabling products.

Yours Sincerely,

Laurence
