Attention: Mr. Harley Lang
Marketing Director
Fluke Networks

Dear Harley,

This letter serves as an approval of the Fluke Networks DSX CableAnalyzer™ for use in field-testing of the TSUNET Cabling System.

Tsushin Kogyo Electric Wire & Cable Co.,Ltd has extensively evaluated the measurement accuracy of the VERSIV / DSX CableAnalyzer unit in the laboratories as well as in field-testing. The test results obtained with this field tester correlate very closely with tests performed with laboratory equipment such as the HP Network Analyzer.

We look forward to a continued cooperation and future opportunities to evaluate Fluke Networks products that can be used to test and certify our cabling installations in the field.

Sincerely,

Masahiro Enomoto
Manager, Technological Development Division
