Fluke Networks  
6920 Seaway Blvd.  
Everett, WA 98203

**Subject: Verification of Performance and Acceptance – Fluke DSX-8000 CableAnalyzer™**

Leviton Network Solutions, Bothell WA, recognizes the Fluke Networks DSX-8000 CableAnalyzer™ as approved for certification of structured cabling systems. This instrument has been tested and approved by Leviton, and is fully compliant with the requirements of our certification and extended warranties program.

Leviton Network Solutions verified instrument performance in our labs utilizing an Agilent E5071C 4.5 GHz Vector Network Analyzer (VNA). Lab tests confirmed excellent correlation between the Fluke Networks DSX-8000 and VNA results for all required certification test parameters up to 2 GHz.

Regards,
